Hi Dan,

I spoke with Gail a few minutes ago—PADEP is in the process of drafting a response to comments document and a proposed permit. There is no time-limit for this process. Once PADEP completes the documents, they will submit them to EPA for our 45-day review.

Paul can talk you through this process more if you have questions.

Mary Cate,

Our OCTEA colleague Gail Scott was asking me about the status of the Covanta Title V permit and I haven't heard anything since we had discussed the letter to PADEP. Anything that has happened since issuance of the Region's letter? Thanks, Dan
